- Pro's Choice® Soil Release

SelectProCarpet Extraction Detergent combines the cleaning power of extraction powders with the instant solubility of a liquid. It is very aggressive on all types of soil, yet safe for your customer's carpets and for your machinery. SelectPro Carpet Extraction Detergent will effectively remove even the most deeply imbedded soils. It is very economical to use, yet uncompromising in results. Select-Pro will tackle the toughest cleaning situations as it powers out everything from greasy restaurant soils to the dirtiest apartment carpets. Yet, it's ready to use pH is within the recommended cleaning guidelines for warranted residential stain resistant carpets. It also provides corrosion protection for your equipment components and fittings. It is cost efficient due to its ultra-concentrated formula, providing for lower cost per use. Its unique blend leaves no soil attracting residue, leaving the carpet cleaned and refreshed.

- Ultra-Concentrated (1:328)
- Perfect for when you need that extra power cleaning punch - restaurants, apartments
- Removes more soil for lower residue cleaning
- Leaves no soil attracting residue
- Economical and Powerful

DIRECTIONS

1. Always pretest for colorfastness in an inconspicuous area.
2. SelectPro Carpet Extraction Detergent works best when used as a compatible extraction detergent in conjunction with all Groom Solutions presprays.
3. If used as a carpet cleaning detergent without a compatible prespray or traffic lane cleaner in a portable or walk behind extractor, mix one ounce of chemical with one gallon of water.
4. If used with a compatible prespray or traffic lane cleaner:
 - Portable Extractor:** Mix 2 ounces of chemical with five gallons of water (1 part chemical to 320 parts water)
 - Truck Mount:** Mix one quart solution (32 ounces) with five gallons of water into solution container. Set solution flow meter between 2 and 3.
